

Parent Notification System

Stay connected during an emergency or during times of school closings. The Township of Franklin Public Schools uses the School Messenger program to send recorded messages to parents/guardians regarding inclement weather school closings, delayed openings, information during school emergencies, and notifications of upcoming school events.

You have the option to add additional telephone numbers to receive text message alerts other than the primary phone number used to register your child within the school district.

To receive text messages, complete the following task: From the cell phone that you wish to receive text messages, text “Y” or “Yes” or “Optin” to 68453.

Note: The Township of Franklin Public Schools does not charge you for this service nor does the district pay for any charges that you may receive from your wireless carrier for receiving text messages. Please check with your wireless carrier for any potential charges.
